

Permission to Use AI Medical Scribe During Appointment

Silver Lake Direct Primary Care

102A Court Street

Middlebury, Vermont 05753

Phone: (802) 755-3207

Consent for Use of AI-Assisted Medical Documentation

To help improve efficiency, accuracy, and attention during your visit, Silver Lake Direct Primary Care may use an artificial intelligence (“AI”) medical scribe during appointments.

The AI scribe listens to the conversation between you and your healthcare provider and assists in creating clinical notes for your medical record. The AI tool is used only to support documentation and does not replace medical judgment, diagnosis, or treatment decisions made by your provider.

Important Information

- Your provider reviews and approves all medical documentation created with AI assistance.
- Information discussed during your visit remains protected under applicable privacy and confidentiality laws, including HIPAA.
- The AI technology is used solely for medical documentation purposes.
- Audio may be processed securely to generate visit notes, but recordings are not permanently stored unless specifically disclosed otherwise.
- You may decline the use of the AI scribe at any time without affecting your care.

Patient Consent

By signing below, I acknowledge that:

- I understand that an AI-assisted medical scribe may be used during my appointment.
- I have had the opportunity to ask questions about how the technology is used.
- I consent to the use of AI-assisted documentation during my visit(s) at Silver Lake Direct Primary Care.

Patient Name: _____

Date of Birth: _____

Signature: _____

Date: _____

Optional Decline

I do NOT consent to the use of an AI-assisted medical scribe during my appointment.
